VIII. GENERAL MANAGER'S REPORT

Ms. Falconbury presented the financial statements, found on pages 37-38 of the April 18, 2018 board packet. Ms. Falconbury introduced staff members Catherine Swartz, Payroll & Finance Coordinator, and Stephanie Hoke, Finance Coordinator.

Ms. Falconbury reviewed the Balance Sheet, and with nine months into the year, there is nothing out of the norm to note. Expenses are still under budget, \$271,000, mostly due to professional services, which is the timing of the contract for maintenance vehicles and the engine rebuilds and media advertising. Lextran received notification of \$188,000 from state funds, which is very unusual to get two awards in one year. The funds will be used as the local match from 5307 grant for capital maintenance.

Ms. Butler reviewed the General Manager's report and Key Performance Indicators, found on pages 28-34 of the April 18, 2018 board packet. Highlights of the report include:

- Community Involvement - The Town Branch Park Partners advisory board meeting March 1, 2018. Ms. Butler and Mr. Ratchford sit on this advisory board. The Town Branch Fund Board of Advisors will work with the advisory group, known as Town Branch Park Partners, to evaluate strategies for accessibility and inclusiveness in the park's design and programming, and will also solicit recommendations from local residents related to the design, programming and operations of Town Branch Park.
- Paycom - After a few setbacks, the transition to the new payroll system continues.
- Public meetings were held in March regarding the proposed service improvements for May.
- Procurement Updates: RFP's for Operator uniforms, deferred compensation services, bus engine rebuilds, website design, Employee Assistance Program. A RFP is being put together for fuel.
- Two new hires – Service Worker and Maintenance Mechanic.
- KPI's – Wheels ridership has been above average for the last three years. There was a discussion regarding paratransit and the $\frac{3}{4}$ mile guideline and Americans with Disabilities Act and Federal Transit Administration regulations. This issue will be brought back for discussion at a later date.

IX. PROPOSED AGENDA ITEMS

- Board appointees
- Bylaws – update new address
- Resolution for Camera System Upgrades (on board digital video recorders)
- Paratransit Service

X. CLOSED SESSION

There was no closed session.

XI. ADJOURNMENT

The meeting adjourned by consensus at 5:35 p.m.

DRAFT

May 16, 2018

TO: The Board of Directors

FROM: Carrie Butler, General Manager

SUBJECT: Resolution to Purchase a Camera System Upgrade for Buses

Attached is a resolution requesting authority to purchase a camera system upgrade for Lextran's buses.

Lextran currently utilizes a proprietary camera system on its buses from Transit Solutions, LLC. The system was originally purchased as part of a technology integration project that was approved by the Lextran Board of Directors on May 19, 2010 in Resolution 2010-05. Components of that camera system have become obsolete and are no longer supported by the manufacturer. Lextran has upgraded the oldest equipment on some of its buses, but there are still 31 buses that require an upgrade.

Transit Solutions has provided a quote to complete these upgrades. The quote from Transit Solutions was determined to offer a fair and reasonable price. It is recommended a contract be awarded to Transit Solutions according to the terms of their quote.

The term of the contract awarded will be until the completion of the upgrade project which is expected to take approximately one week. Transit Solutions shall be paid an amount not to exceed the following:

- 31 Hybrid Video Recorders – \$62,000.00
- 31 Power Distribution Cables for Analog or 1 IP Camera Solution – \$2,170.00
- 31 HDD with failover capability – \$18,445.00
- 31 Slim Line IR Wedge 3 Megapixel IP Cameras – \$6,200.00
- 31 Universal Mounts for Front-Facing Cameras – \$3,875.00
- 31 Wireless Access Points, Antennas and Brackets – \$9,920.00
- 7 Lockable Enclosures to store HVRs on 7 Lextran Trolleys and Cutaways – \$1,505.00
- Cable and installation on 31 buses – \$21,204.00
- 3 spare Hybrid Video Recorders – \$6,000.00
- 5 spare HDD with failover capability – \$2,975.00
- 3 spare Slim Line IR Wedge 3 Megapixel IP Cameras – \$600.00
- 3 spare Wireless Access Points, Antennas and Brackets – \$960.00
- Shipping – \$600.00

The entire project has a not-to-exceed amount of \$136,454.00.

This procurement shall be paid with funds from the Safety and Security line item of Lextran's 5307 grant. No local match is needed due to the use of toll credits.

If you have any questions or wish to review the quote from Transit Solutions, please call me at 255-7756.

SUBJECT: Resolution to Award a Contract for Operator Uniforms

Attached is a resolution requesting authority to enter into a contract for uniforms for Lextran's bus Operators and Transportation Supervisors, as well as safety boots, cold weather gear, and rainwear for Maintenance employees.

RFP 1801 was issued February 1, 2018 with proposals received on March 15, 2018. A staff evaluation committee reviewed and approved the proposals for compliance and responsiveness. A responsive proposal was received from four (4) qualified proposers:

- Cintas
- Galls
- Kentucky Uniforms
- National Workwear

The evaluation committee ranked the proposals received. Interviews were held with the three highest-ranking proposers. Proposals were re-scored following interviews. Galls received the highest ranking and is recommended to be awarded the contract according to the terms of their proposal in response to RFP 1801.

Lextran provides employees \$400 annually for the purchase of uniforms. The employees purchase their uniforms directly from the contractor. The pricing for uniforms shall be at the rates submitted by Galls in their proposal. A summary of potential items to be offered is attached hereto and incorporated herein by reference. The term of the contract awarded will be for five (5) years.

If you have any questions or wish to review the proposal from Galls, please call me at 255-7756.

Lextran Comments for April 2018

A Lextran bus driver in vehicle #768 caused safety concerns for a car driver near Green's Toyota on New Circle Rd about 11:22am.. She was very upset. There was already a wreck in progress with an ambulance in this area.

I just wanted to let you all know that the driver for the Leestown bus today around 2:00, is one of the kindest and thoughtful I have ever come in contact with. He's the driver w/ glasses and salt and pepper hair. I hope he drives that route frequently.

Student passenger called and states the bus driver was very rude talking to foreign students. He was talking in a belittling manner. Customer states the bus driver's customer service skills are horrible and the situation could have been handled much better.

Customer says that the driver on bus 1403 was driving with elbows on the wheel and head in hands while almost running in to the back of the car in front of him.
